### WIQUEST TO SHOWCASE INDUSTRY FIRSTS AT IDF SAN FRANCISCO

#### Company Demonstrates the World's First Wireless USB Docking Station Available to Consumers

**ALLEN, Texas – August 18, 2008** – WiQuest Communications, Inc., the worldwide leader in complete standards-based ultrawideband solutions, announced today that it will be demonstrating new high performance Wireless USB consumer products that are based on WiQuest technology at IDF San Francisco, CA, August 19-21. These new products and capabilities are based on WiQuest's leading Wireless USB technology and span applications in leading notebook PCs and in the world's first Wireless USB Docking Station available to consumers.

**What:** The WiQuest team, including CEO and President, Steve Perna, will be on-hand to provide demonstrations of available products from leading PC OEMs and PC peripheral companies.

**Where:** **Intel Developer Forum (IDF), Moscone Convention Center, San Francisco, CA**  
USB Community, Booth 804

**When:** Exhibitions – August 19-21, 2008

**Contact:** Pam Johnson, WiQuest Communications, 214-547-1600, [pam.johnson@wiquest.com](mailto:pam.johnson@wiquest.com) for more information or to set up a one-on-one briefing and update.

#### **About WiQuest Communications**

WiQuest Communications, Inc. has been named the number 1 ultrawideband (UWB) complete solutions provider as reported in [ABI Research's 2008 UWB Vendor Matrix](http://www.abiresearch.com/products/vendor_matrix/Ultra_Wideband_IC_Vendor_Matrix) ([http://www.abiresearch.com/products/vendor\\_matrix/Ultra\\_Wideband\\_IC\\_Vendor\\_Matrix](http://www.abiresearch.com/products/vendor_matrix/Ultra_Wideband_IC_Vendor_Matrix)). WiQuest's complete solution portfolio includes silicon, software and manufacturing designs. WiQuest's world class technology and technical support enable a new class of "off-the-shelf-production" wireless connectivity to PC, digital entertainment, consumer electronics and mobile systems.

Founded in September 2003, WiQuest's strong team comprises thousands of years of collective industry semiconductor, software, and systems experience, resulting in dozens of

successful high-volume product implementations including Wireless LAN, DSL and Ethernet solutions. To learn more about WiQuest, please visit [www.WiQuest.com](http://www.WiQuest.com).
